← Import Data

admin

Import from Zoho

Import your data from Zoho Invoices exports. Follow the order below for best results: **Customers → Invoices → Payments → Expenses**

Recommended import order: Import Customers first, then Invoices, then Payments. Payments require matching invoices to already exist.

Customers (Contacts)

Import customers from Zoho Contacts CSV export

How to export: Zoho Invoices → Contacts → ⋮ → Export Contacts

Drop CSV file here or browse

Zoho CSV export format

Import Customers (Contacts)

Inventory Stock Levels

Sync current stock quantities from Zoho Stock Summary Report

How to export: Zoho Inventory → Reports → Stock Summary → Export

Drop CSV file here or browse

Zoho CSV export format

Import Inventory Stock Levels

Invoices

Import invoices and line items from Zoho Invoice CSV export

How to export: Zoho Invoices → Invoices → ⋮ → Export Invoices

Drop CSV file here or browse

Zoho CSV export format

Import Invoices

Customer Payments

Import payment history from Zoho Customer Payments CSV

How to export: Zoho Invoices → Customer Payments → ⋮ → Export

Drop CSV file here or browse

- Amy Driver (DF-005) Active

9.10 Tenant Settings (Tenant Admin)

A `TENANT_ADMIN` (the business's own administrator) can configure:

Branding (Settings → Business Profile): Business name, logo upload, default tax rate.

Email (Settings → Email Configuration): SMTP host, port, encryption, sender name and email, username, password. Test Email button to verify. Password is stored encrypted.

Google OAuth (Settings → Integrations, if enabled): Client ID, Client Secret, Callback URL. Allows Google Sign-In for customers and drivers.
